# Hong Kong, High & Low

Two tours of one of the world's sky-high cities:  
one is a luxury lifestyle binge, the other a tour  
of new, under-the-radar local hotspots.

BY CHARLENE ROOKE

To cap the night in high style, I join friends at Sevva, the Central district hotspot of the moment, where the Veuve flows freely and our 25th-floor outdoor terrace table has a front-row view of the nightly laser light show that plays out on the faces of nearby skyscrapers.

The terrace at Sevva (previous page) is the best seat for the Symphony of Lights laser show. Dine on sea bass and king scallop asparagus cream (above).
