FOOD AND WINE BURGUNDY • CANADIAN WINTER WONDERLAND • DRIVE IRELAND

There is no better place for drinks and dinner than Seva on a Saturday night in Hong Kong. Here you can enjoy an apéritif on the balcony and take in the view. The staff were on hand to take my order and bring me my bellini. The atmosphere was vibrant and the bar was full of smart and sophisticated clients. Dinner that night was at Seva's Harbourside, where the mixture of eastern and western cuisine is delicious.
